PROFESSIONAL SUMMARY

Full Stack Developer with professional experience building and maintaining production web applications using Angular, .NET, SQL, and REST APIs. Experienced across frontend, backend, and database development, including API integration, SQL optimization, feature implementation, troubleshooting, and application maintenance. Additional hands-on experience with React, Redux, Node.js, Express.js, and MongoDB through full-stack projects.

EXPERIENCE

Ashvad Tech

Full Stack Developer

Nov 2025 – Present

Greater Noida, India

- Develop and maintain production web applications using Angular, .NET, SQL, and REST APIs across frontend, backend, and database layers.
- Implement application features and integrate REST APIs to support business workflows, maintainability, and scalable application development.
- Optimize SQL queries and database operations to improve application performance and data-access efficiency.
- Troubleshoot application issues across UI, API, and database layers and deliver fixes supporting production releases and ongoing application maintenance.

Communiti.dev

Community Contributor

Sep 2023 – May 2024

- Contributed to the developer community through technical collaboration, discussions, and knowledge sharing.

TECHNICAL SKILLS

Languages: JavaScript, SQL, Python

Frontend: Angular, React.js, Redux, Tailwind CSS, Bootstrap

Backend: .NET, Node.js, Express.js, REST APIs, JWT Authentication, Bcrypt.js

Databases: MySQL, MongoDB

Tools: Git, GitHub, VS Code, Postman, Firebase, MongoDB Compass

PROJECTS

SQL Data Warehouse Project | SQL, Data Warehousing, ETL

- Designed and implemented a multi-layered data warehouse architecture using Bronze, Silver, and Gold layers for structured analytical data processing.
- Developed ETL pipelines with stored procedures for data transformation, loading, cleaning, and aggregation workflows.
- Structured transformed data for analytical reporting and downstream data analysis.

Udemy Clone | React, Redux, Node.js, Express, MongoDB

- Built a full-stack online learning platform with dynamic routing and integrated video streaming.
- Implemented user authentication, course enrollment, and an admin dashboard for course management.

OneMart Backend | Node.js, Express.js, MongoDB

- Engineered an e-commerce backend supporting authentication, product catalog, and order-management workflows.
- Implemented role-based access control and payment-processing functionality for core commerce operations.
- Applied MongoDB indexing and aggregation to support efficient queries and analytics.

EDUCATION

Integral University

Master of Computer Applications (MCA)

2026 – Present

Lucknow, Uttar Pradesh

Masai School

Full Stack Web Development Program

Aug 2025

Bengaluru, Karnataka

Monad University

Bachelor of Computer Applications (B.C.A)

July 2023

Hapur, Uttar Pradesh
